Cape Winelands

An easy drive from Cape Town, the Winelands dramatic mountains stand guard over a quilt of working vineyards, elegant Cape Dutch estates and quaint towns boasting top restaurants, hotels and spas. Sample some of the regions award-winning wine offerings, stroll through exquisitely maintained gardens or explore art galleries and antique shops in the oak-lined streets of the local towns. The buzzing university village of Stellenbosch was named after the Governor of the Cape, Simon van der Stel and, as the historic hub of the Winelands it is surrounded by around 200 wineries.

Franschhoek, a charming town with French Huguenot heritage is arguably the culinary headquarters of the country and home to the creative genius of a number of resident chefs. Framed by a majestic backdrop of the Helderberg Mountains, Paarl lies peacefully nestled amongst vineyards laden with the harvest's finest offerings.

Enjoy gourmet meals lovingly prepared by experienced chefs and served in modern, or stylish restaurants. Sample local wines and explore the cellars of well-established wine farms. The Winelands is all about stepping back from the hectic pace of modern living, and appreciating the finer things in life in some of the most gorgeous and tranquil locations this country has to offer.

Greater Kruger National Park

As you bump along the park roads, the sun warm upon your face and air dry in the back of your throat, your senses are on high alert. This is the real Africa, cut away from the hectic pace of life, home to Africa's Big 5. The Kruger is alive, from the nervously twitching herd of impala after a night of predator action, to the wild dog cavorting like domestic pets alongside the road. Marvel as a herd of elephant simply appear from out the bush, then silently vanish back into the landscape.

With over 2 million hectares of pristine wilderness, the Kruger's biodiversity sustains numerous species of game and birds. The dry north consists of Baobab trees, scrubland and rocky outcroppings which can be seen for miles and animals tend to gather around water sources. As you come south, the park gets busier, animal numbers increase and the backdrop changes to grassland and acacia woodlands.

On the western borders, private reserves such as Sabi Sands and the Timbavati open onto the Kruger, offering an exclusive game experience with the flexibility of night drives and off-road 4 x 4 safaris. Swaying to the movement of an open vehicle while wrapped warmly against the night chills, is an unforgettable experience. The call of a Nightjar darting overhead and the flash of eyes reflected from the bushes brings an entirely different twist to your safari and as you drop your head back and look up - the crisp night skies go on forever.

Days 8 - 10: Klaserie

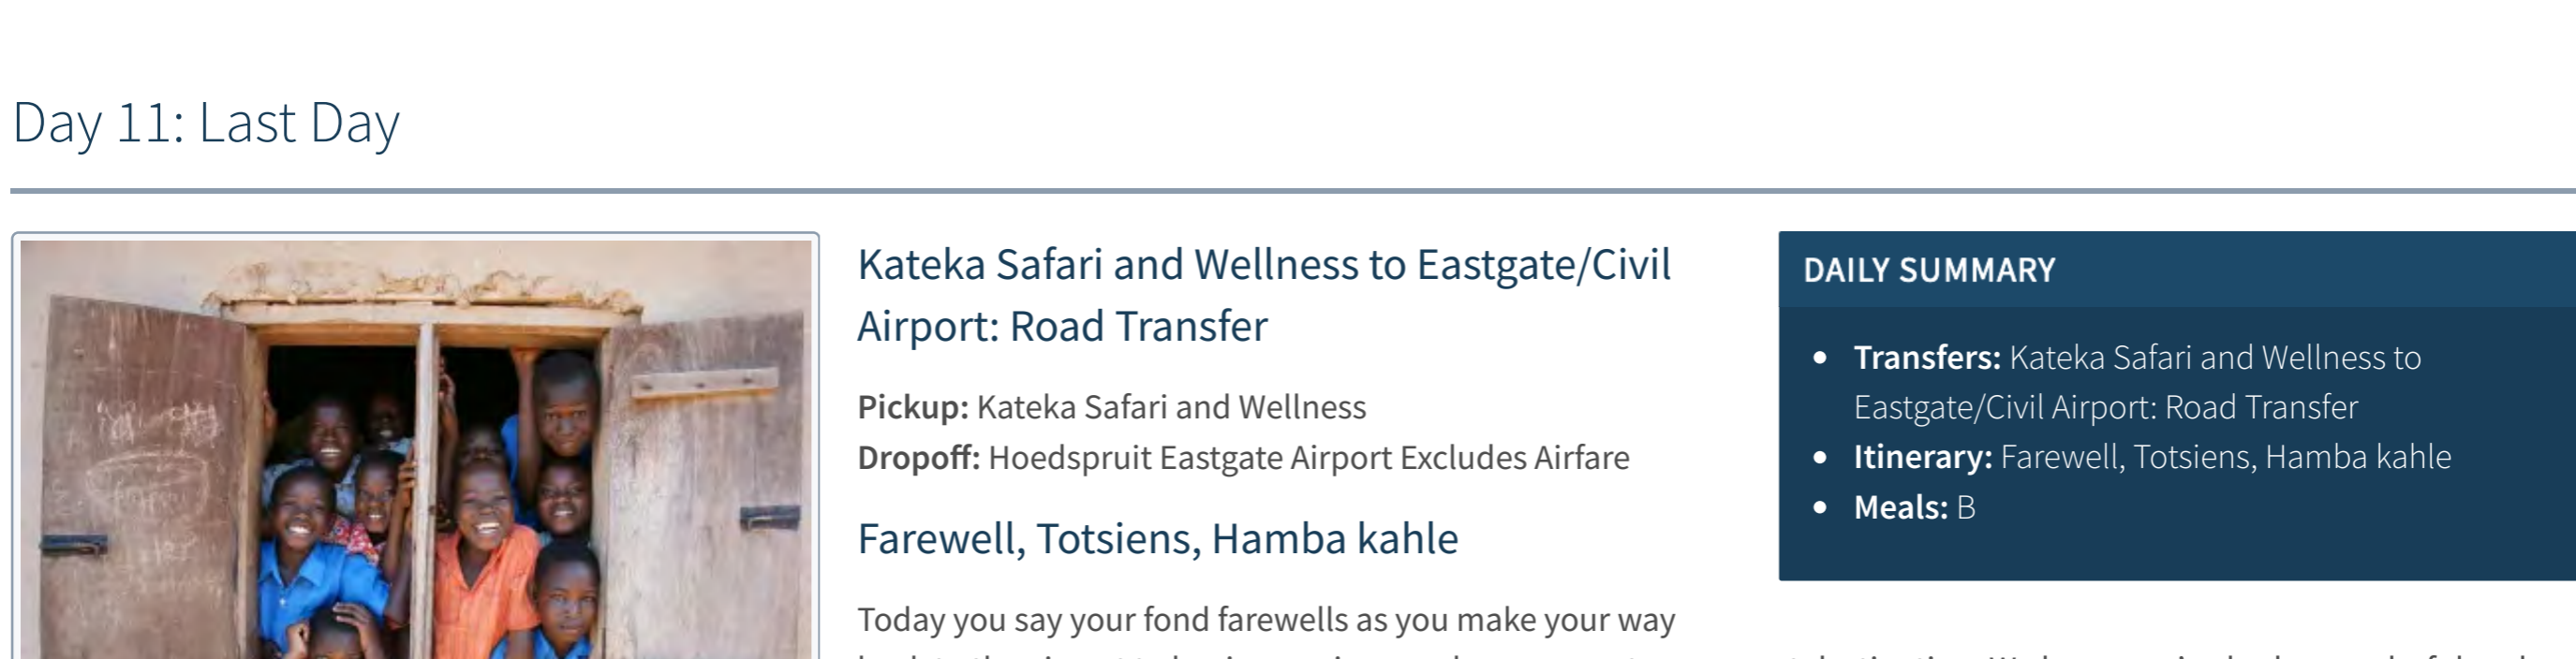

On Safari: Klaserie

One of the largest privately owned reserves in the country, this 60,000 hectare wilderness is home to the big 5 and endangered species such as wild dog and ground hornbill. The ideal time to head out on safari is early in the morning, as the sun starts to rise and animals are most active. A quick coffee stop while out on drive is perfect to warm up and take in the incredible sounds of the bush and birdsong. During the heat of the midday sun, it's often best to return to camp for a siesta before heading out again in the late afternoon when the bush comes alive, and the waterholes are a magnet for thirsty wildlife. Should the option be available, a walking safari, is an exhilarating immersive experience for learning about smaller creatures and plant life.
